Studio News!

Welcome fall and cool weather! Remember, dancers should always have their legs covered when coming to class or leaving to go home. This will keep their muscles warm and allow them to cool down gradually to avoid the potential for injury or strain.

Dancers may wear legwarmers and dance sweaters in class to warm up.

Make Up Policy

In addition to Covid-19, Flu season is upon us! Eat lots of fruits and vegetables to help ward off winter colds. Drink lots of water and keep hydrated as this will help you avoid sickness. If your dancer has a fever or is possibly contagious we do ask that you keep them home. Please see the front desk staff for available times to makeup a class if missed.

We would love photos of your dancers with their favorite pets at home! These photos will be featured on Social Media over the first 23 days of December to help get us in the Holly Jolly Festive mood!
